and Two Big Mogul

e Thrown into a Heap in a Ra-  
vine Forty Feet Deep—Three  
Men Were Killed  
Outright.

Albany, Ind., Aug. 25.—En-  
gineer Duval, Fireman Cox and Brake-  
man Ross were killed outright, and  
Harry Goodall and Fireman  
Myers were probably fatally  
injured in a disastrous "double-header"  
wreck on the Southern rail-  
road near Georgetown, 10 miles west  
here. Fourteen boxcars loaded  
with wheat, together with two locomo-  
tives, were derailed over a trestle  
about 40 feet below and de-  
scended two sections of the freight  
train coming east, and the first sec-  
tion in charge of Conductor Walter  
C. Smith, had stopped at Dunsmuir's  
shop, having a "cut" of cars on the  
track. There is a heavy grade  
at this point and by some means the  
locomotive broke away and rolled down  
the incline, gathering momentum at each  
revolution of the wheels. Just as the  
way cars were approaching the  
trestle, the second section, drawn by  
engineer Duval, came thundering over  
the trestle and the crash occurred a mo-  
ment later. The cars piled over the  
locomotive and all went down into  
a ravine a heap. Both Duval and  
Cox went down with their locomotive,  
and one of the runaway cars  
was crushed beneath it. Engineer  
Duval and Fireman Cox, in charge  
of the locomotive, jumped and  
fell their lives, although they may  
be rescued. Conductor A. G. Lewis and  
engineer John Burns of the second  
section jumped and escaped serious  
injury. Duval's body was taken to his  
home in Louisville and that of Ross  
sent to Middletown, Ind. His  
body remains where he fell. His  
wife, who is his relative, resided  
in the town where he was killed.  
The loss to the railroad com-  
pany is estimated at about \$75,000.

**BIG SHOW**

owa Opened Today With  
Colors Flying.

Marion, Ia., Aug. 25.—The mar-  
ket stock pavilion is the  
feature of the Iowa state fair,  
opened for a week in this city.  
The structure cost, in the  
opinion of \$50,000 and is one of  
the best buildings of its kind in the  
west. It has a seating capacity of  
10,000 and contains a large arena for  
exhibition and sale of horses and  
cattle. At the formal dedication today  
Governor W. F. Harrison  
gave the address. The stock display  
pavilion is in many respects  
superior to those of former years.  
Exhibitors are well fitted with  
exhibits. Races begin to-  
morrow and continue through the week.

**INLAND LAKES**

Waukegan, Wis., Aug. 25.—Today  
sailboats are gathered on Pewau-  
kee lake for the annual meeting and  
regatta. The annual meeting and re-  
gatta of the Inland Lakes Yachting  
club, which is composed of  
sailboat clubs of Illinois,  
a. Minnesota, Michigan and  
Wisconsin. The course for the re-  
gatta has been accurately measured  
and all arrangements  
have been completed to the minutest  
detail by Commodore George M. Con-  
rad. The regular racing  
will be inaugurated tomorrow  
morning through the week. All  
now needed to make the re-  
gatta the most successful ever held  
in the association is favorable winds.

**TEN THOUSAND MINERS**

Determined that Operations Should  
Not Begin This Morning,

And Form an Impenetrable Cordon Around Two  
Collieries About to Start Work—Brutal  
Assault Upon an Old Man.

Hazleton, Pa., August 25.—The most turbu-  
lent scene which has occurred during the strike,  
took place here early this morning, when an at-  
tempt to open Cranberry and No. 40 collieries  
was made. Ten thousand miners formed a coro-  
don about the mines and no attempt to open the  
mines was made. Forty non-union men who ap-  
peared at the mines were beaten with clubs and  
driven back. The most serious feature of the  
demonstration occurred when August Scheuch, a  
foreman, while attempting to rescue his son from  
the mob, was seized, beaten to the ground and  
stabbed three times by unknown parties. Scheuch  
was taken to a Hazleton hospital where he now  
lies desperately wounded. Physicians there dis-  
covered internal injuries which they think will  
cause the foreman's death. The mob would have  
killed Scheuch had it not been for the timely in-  
terference of a party of citizens who caught the  
wounded man up from the ground and ran with  
him to a place of safety. Several of the non-union-  
ists who were kidnapped, are also badly hurt,  
it is thought. No one knows where they are. No  
shots were fired. The strikers used clubs and  
sticks as weapons.

**LIEUT. GOV. GORDON**

Makes His First Official Appearance at  
the Special Session.

Columbus, Aug. 25.—Both branches  
of the Ohio General Assembly were  
called to order in a special session at  
3 o'clock this afternoon. In the  
senate much interest was manifested  
in the first official appearance of  
Lieutenant Governor Harry B. Gordon.  
Governor Nash, who was appointed  
by Governor Nash since the adjourn-  
ment of the regular session to fill the  
vacancy created by the resignation of  
Lieutenant Governor Caldwell. Friends  
of the new president officer of the  
senate had indicated their good  
wishes by ornamenting his desk with  
a very handsome assortment of cut  
flowers and the desks of some of the  
senators were similarly favored.  
Lieutenant Governor Gordon took his  
seat beside President Pro Tem Archer,  
who in a few well-chosen words did  
the honors of a formal introduction to  
his fellow senators. Mr. Gordon re-  
sponded in a happy vein, asking the in-  
dulgence of his hearers in the labors

to be performed at the extra session  
and pledged his own best efforts to  
facilitate business and promote  
friendly as well as official relations in  
the body over which he had the honor  
to preside. He made a very favorable  
impression and was roundly applauded  
at the conclusion of his remarks.  
Thereupon the senate resumed its  
normal condition.  
In the house speaker McKinnon  
called the representatives to order in  
perfunctory style. There was a crush  
of sight-seers and not a little disorder.  
In both houses the usual committees  
were appointed to wait upon the gov-  
ernor and inform him that each was  
prepared to receive any communica-  
tion he might have to make, and in  
response thereto at 3 o'clock Private  
Secretary Sinks appeared with the  
governor's message conveying the two  
bodies in special session.  
The full text of the message ap-  
pearing on page 2 of this edition.

**BRILLIANT**

Affair Given by the Vander-  
bilts Tonight

Will Outshine Anything so Far At-  
tempted in Newport This  
Season.

**GENERAL MILES**

Will Go to the Philippines  
(But Not as a Tourist.)

Newport, R. I., Aug. 25.—Newport  
society is on edge in anticipation of  
the theatricals to be given by Mr. and  
Mrs. Cornelius Vanderbilt at Beaulieu  
tonight. From all indications it will  
be the most notable function New-  
port has witnessed this season. The  
number of guests will be within 100.  
They will include married couples,  
who are of the dancing set, all the  
beaux and the older set of girls.  
A large part of the lawn has been con-  
verted into an open-air theatre with  
regular stage, settings and auditorium.  
The entertainment will be provided by  
the "Wild Rose" company, which  
came here from New York yesterday.  
It is the first time on record that a  
metropolitan theatre has been closed  
for a night to allow the company to  
appear in private, and it was only by  
the expenditure of something like  
\$5,000 that this was accomplished by  
the ambitious young society leader.  
Following the performance of the  
"Wild Rose," the guests will enter the

ballroom at Beaulieu, where the coti-  
llion will be led by Elisha Iyer and  
Mrs. Vanderbilt. After the cotillion  
there will be a supper. The resources  
of the Vanderbilt establishment  
will be in evidence in the number of  
liveried flunkies standing in imposing  
lines. The livery is black satin knee  
breeches, black silk stockings and  
claret coats with froggings.

**GENERAL MILES**

Will Go to the Philippines  
(But Not as a Tourist.)

Boston, Aug. 25.—General Miles, in  
an interview here, announces that he  
will sail for the Philippines within a  
few weeks. The object of his trip he  
would not divulge. When asked if he  
was going in his official capacity, he  
replied, "Well, I'm not going as a  
tourist, neither am I going for my  
health. I cannot tell until I get there  
what I will do."

The Weather.—  
Washington, Aug. 25.—Ohio, fair  
and warmer tonight; Tuesday, increas-  
ing cloudiness.

Grain and Pork.  
Chicago, Aug. 25.—Closing Septem-  
ber wheat 72½; corn 35½; oats 33½;

**COX**

Mad and Disgusted  
Because of

The Surrender

Of Nash in the Making  
of the New Code.

The Original Plan Gave Cox  
Control of the Police Ap-  
pointments of Ohio

Which He will Not Have Should the  
Present Form of the Meas-  
ure Become the  
Law.

Columbus, Aug. 25.—Notwithstand-  
ing Governor Nash's apparent conces-  
sion to incipient public opinion in  
the matter of the provision of his  
municipal code which he originally  
favored looking to the appointment of  
police boards of cities by the govern-  
or, and notwithstanding his declara-  
tion that this provision will be elimi-  
nated from the code as submitted by  
him to the legislature, it may be  
stated upon the highest authority  
that this matter has not yet been defi-  
nitely settled. It is still more than  
probable that the legislature will have  
to wrestle with the question, even if  
the obnoxious provision is absent  
from the governor's code. Boss Cox  
of Cincinnati, is disgusted and angry  
at the governor's surrender to public  
opinion for which he holds the Demo-  
cratic newspapers of the state wholly  
responsible. Mr. Cox is not in the  
habit of consulting this opinion him-  
self when his own interests are in-  
volved and he sees no reason why the  
governor should do so. It has leaked  
out within the past few days that Cox  
will not capitulate even if the govern-  
or does and that he will cause to be  
introduced in the legislature a meas-  
ure looking to the reinsertion of the  
clause providing for the appointment  
of police boards by the governor in  
the municipal code, if it does not ap-  
pear in that document when submit-  
ted to the general assembly.

This will give Governor Nash a con-  
venient way of quietly promoting an  
object that he does not dare advocate  
in his message and which, from force  
of circumstances, he is prohibited  
from including in his code. The gov-  
ernor is as much in favor of the ap-  
pointment plan as ever and his obli-  
gations to Cox are as great as ever.  
Cox is firm in the purpose to enforce  
those obligations if he can. There  
should be no relaxation, therefore, of  
efforts to prevent this legislation on  
the part of the Democratic press, as-  
sisted by those Republican news-  
papers that have heretofore manfully  
stood for the people's rights in this  
matter, or on the part of all those Re-  
publicans and Democrats whose per-  
sonal influence has thus far prevented  
the governor from openly espousing  
a cause which Cox would have him  
now secretly favor. This question is  
not yet disposed of and the advocates  
of home rule cannot afford to be off  
their guard.

An emphatic denial may be entered  
to the story recently put in circula-  
tion to the effect that a movement was  
on foot looking to a change of the  
place of holding the Democratic state  
convention from Sandusky to Colum-  
bus or some other city. The story  
originated in Cleveland and stated  
that Charles P. Slen was at the head  
of the alleged movement. Numerous  
inquiries to Columbus correspondents  
have come here this week seeking a  
verification of the yarn from this end  
of the line, but nobody here or else-  
where has yet been found who would  
stand sponsor for it. The people of  
Sandusky have already invested sev-  
eral thousand dollars provided for the  
entertainment of the delegates and  
the transaction of their business and  
nobody in authority is now inclined  
to desert their plans after they fairly  
won the prize of the convention in an  
open contest before the state central  
committee.

The chief objection to Sandusky  
that has been urged is the poor facili-  
ties for the transmission of news  
from the auditorium at Cedar Point to  
the city, where it must again be placed  
on the wire for general dissemina-  
tion. It must be admitted that this  
objection still stands and will stand  
during the convention. The wire fac-

**SHALL THE NEGRO VOTE?**

Is the Question Being Partly Settled  
Today in Alabama.

Birmingham, Ala., Aug. 25.—Interest  
in the spirited race for the govern-  
mental nomination overshadows all else  
in today's state primary in Alabama.  
At the headquarters of Governor Wil-  
liam D. Jelks, who is seeking a re-  
nomination, a feeling of entire con-  
fidence in the result appears to pre-  
vail. The managers of the Jelks  
campaign claim to be in receipt of  
trustworthy reports from every part  
of the state indicating that the gov-  
ernor will be victorious and that the  
figures will show in no unmistakable  
way that the people of the state heart-  
ily approve of his clean adminis-  
tration. On the other hand, at the op-  
position headquarters at the Morris  
hotel, those in charge declare them-  
selves satisfied with the outlook and  
say that all signs point to a victory for  
Capt. Joseph F. Johnston, twice gov-  
ernor of the state, and Governor Jelks  
opponent in the present contest.  
Aside from the race for the govern-  
orship there are a number of ele-  
ments which combine to cause wide-  
spread interest in today's primary.  
In the first place, it is the first primary  
held under the provisions of the new  
state constitution eliminating the  
negro vote. Capt. Johnston led a fight  
against the new constitution and it  
is believed he will bring about  
certain modifications in the new  
document. Governor Jelks represents

ilities from the Point to Sandusky  
will be wholly inadequate. Realizing  
this the Sandusky people have re-  
sorted to the device of training carrier  
pigeons to carry what news cannot be  
transmitted by telephone from the  
auditorium to the city. This fact is  
cited merely to show that the news  
facilities are admittedly even in San-  
dusky to be entirely unworthy of the  
importance of the event. It is very  
probable that the news throughout the  
state on the last day of the convention  
will be so delayed as to prevent the  
publication of the full ticket in even-  
ing papers at the usual press hour.  
In every other respect, however, San-  
dusky will "do herself proud" and  
the convention will be one of the most  
satisfactory from a social standpoint  
in the history of the state while the  
large open auditorium on the shores  
of Lake Erie will offer conditions for  
the transaction of the regular busi-  
ness never duplicated in attractive-  
ness.

Representative Clement L. Brum-  
baugh, of Darke county, is in the city  
and will remain until after the extra  
session of the legislature. Mr. Brum-  
baugh is the leader of the minority  
in the house of representatives and  
during the coming week will meet the  
leading Democratic members of the  
house in this city to confer with them  
with reference to the attitude of the  
minority toward the municipal code.  
Your correspondent today asked Mr.  
Brumbaugh what he thought of the  
prospects of the minority supporting  
the code of the state board of com-  
merce. He replied that so far as his  
inquiries had extended he had found  
many Democratic members in favor  
of this suggestion. What the result  
would be he is not willing to predict,  
but it seems practically sure that the  
state board of commerce code will re-  
ceive very material, if not unanimous  
support from the Democratic side of  
the house. A significant feature of the  
case is that since his arrival here Mr.  
Brumbaugh has been in almost daily  
communication with Judge Gilbert H.  
Stewart, the leading member of the  
committee of the state board of com-  
merce that framed the home rule  
code.

Much criticism has developed since  
Wednesday, even among Republicans  
over the signed statements issued by  
Senator Foraker, attacking the case  
involving governments of Ohio cities  
and also denouncing the unanimous  
decision of the superior court of Cin-  
cinnati affecting the street railway  
franchise in that city and declaring  
unconstitutional the Rogers fifty-year  
franchise bill, which was the child of  
the perpetual franchise grab and for  
which Mr. Foraker appeared as a paid  
attorney before the legislature that  
enacted it. It is pointed out that Mr.  
Foraker can hardly afford to indulge  
such criticism in view of his former  
relation to this legislation and the  
present relation of himself and near  
relatives to the Cincinnati street rail-  
way syndicate. His son is vice presi-  
dent of the Cincinnati company, and  
his brother is general counsel, while  
there is no doubt that the senator  
himself is peculiarly interested in its  
affairs. In view of these facts a good  
many people think that Senator For-

aker would indicate the possession of  
wisdom becoming his high position if  
he would keep his mouth shut with  
reference to these decisions, provided  
he cannot endorse them.

**NOT SO MANY**

In Politics but More of Them  
in Business,

Is the Sensible Motto Adopted by  
Colored Brethren in Conven-  
tion Today.

Richmond, Va., Aug. 25.—"Not so  
many negroes in politics, but more in  
business" is the motto of the National  
Negro Business League, which began  
its third annual convention in Rich-  
mond today. The league was organ-  
ized in Boston three years ago and its  
every effort has been and is directed  
toward encouraging the colored race  
to engage in business and agricultural  
pursuits. That the desired conditions  
are being brought about is evidenced  
by the reports prepared for presenta-  
tion at the present session of the  
league. These reports show that  
there is scarcely any line of business  
today, from that of banking down to  
the smallest lines of merchandising, in  
which the negro is not engaged.  
Those in attendance include bankers,  
lawyers, real estate men, cotton man-  
ufacturers, planters and merchants,  
and they represent among them an  
aggregate capital of several million  
dollars.

The sessions of the league will con-  
tinue three days, during which time a  
variety of subjects relating to the pro-  
motion of the business interests of the  
negro and in general the material, in-  
tellectual and spiritual advancement  
of the race will be discussed. The  
president of the league is Dr. Booker  
T. Washington and among the other  
officers are representative negroes of  
both the North and South.

**VETERANS**

Of the Late Disturbance will  
Talk it Over.

Binghamton, N. Y., Aug. 25.—The  
state convention of the Spanish war  
veterans' association opened its ses-  
sions at the court house here today  
with a good attendance of members  
from the various commands of the  
state. Following a brief business ses-  
sion the visitors were given a trolley  
ride and clam bake at the Casino.  
The sessions will conclude tomorrow  
with the election of officers and the  
selection of delegates to represent the  
state division at the national meeting  
to be held next month.

Talks About the  
Coal Strike,

Says All Is Off

Between the Miners and  
the Operators.

He Rather Hopes Such is the  
Case for He Doesn't  
Like Miners

And Whatever May Appear on the  
Surface His Sympathies are  
Entirely With the Mine  
Operators.

Buffalo, Aug. 25.—United States  
Senator M. A. Hanna arrived in Buf-  
falo from Niagara Falls. He was ac-  
companied by his daughter, Miss  
Ruth Hanna, and her friend, Miss  
Phelps of Cleveland. They were on  
their way to Cleveland. For the first  
time Senator Hanna states his aban-  
donment finally of all efforts to end  
the coal strike. He believes that the  
operators should meet the miners in  
arbitration. "I have exhausted my  
efforts," said Senator Hanna. "I have  
done all in my power and can do no  
more. I will make no further at-  
tempt for it would be useless." He  
said there was no chance of arbitra-  
tion so long as only one side, the  
miners, was willing to arbitrate. He  
gave it as his opinion that the miners  
will not give in so long as they are  
able to fight.  
"It will be a short fight," said he.  
"It will be prolonged, and such  
prolongation will mean not only hard-  
ships for the miners and the women  
and children dependent on them, but  
it will have its effect on the American  
people. The longer this struggle con-  
tinues the greater will be the increase  
in the price of coal." He said he con-  
sidered the refusal of the operators  
to arbitrate as final. "I talked with  
Mr. Morgan before he went to Eu-  
rope," continued the senator, "and be-  
lieve the strike was fully under way.  
He deplored the situation, but would  
take no active part towards a settle-  
ment. His attitude, in my opinion, is  
unchanged."

**FIFTEEN SHOT**

Some Fatally, by a Drunken  
Negro at a Dance.

Ft. Worth, Tex., Aug. 25.—A lively  
shooting affray occurred during a neg-  
ro dance in Polk county, Saturday night.  
A drunken negro turned a double bar-  
reled shot gun loose on a room full of  
dancers and fifteen were seriously  
wounded. Some will probably die.  
The negro who did the shooting was  
fatally shot.

**BALTIMORE BOY**

Will Have a 20 Round Bout  
With an Australian.

Stockton, Cal., Aug. 25.—There  
promises to be an interesting contest  
here tonight when "Young Peter  
Jackson," the Baltimore fighter, and  
Tim Murphy, the Australian pugilist,  
come together for a 20-round bout.  
Both fighters are of the aggressive,  
hardhitting variety and the contest is  
expected to be a fast one from the  
time the gong sounds.

with a capital stock of \$10,000. Its  
purpose is the manufacture and sale  
of metal castings and the erection of

## NASH TO SOLONS

Submits His Message to the  
Ohio Legislature.

SEEKS ACTION ON HIS CODE.

Which is Daily Launched in Both Branches  
of the General Assembly.

CALLS ATTENTION TO THE ROYER ACT.

Would Have the Lawmakers Leave  
Sovereignty Alone All Other Legisla-  
tive Matters - Recommends That  
Common School, Elections, County  
Salaries and Other Laws Be  
Referred to State Officers For Revi-  
sion - Opening of the Extraordinary  
Session and the Changes in the Mu-  
nicipal R.R.

Columbus, Aug. 25.—Governor Nash  
submitted his message to the Ohio  
legislature, when convened in extra  
session at 1 o'clock this afternoon,  
and the document was read at once  
in both branches of the assembly.  
The governor in his message calls  
attention to the passage of the Royer  
bill limiting the jurisdiction of the  
supreme court of the state and also  
to the decisions of that court which  
deprive Ohio municipalities of all gov-  
ernment. He recommends that no  
subject of legislation be considered at  
the extra session, except the Royer  
law and the municipal code, which  
was drafted under his immediate su-  
pervision. The governor's message  
follows in full:

To the Seventy-fifth General Assembly:  
You have assembled upon the proclama-  
tion of the governor. It is now my duty  
to state to you the purpose for which you  
have been convened.

1. On the 14th day of May, 1902, a bill  
became a law, entitled, "An act to amend  
section 6113 of the Revised Statutes of  
Ohio." Since that time this law has passed under  
the name of the Royer act, and that  
act has been the subject of much con-  
sideration. It is now my duty to state  
to you the purpose for which you have  
been convened.

2. During the last days of June the su-  
preme court of the state handed down  
its decision in the case of the City of  
Cincinnati against the City of Cincinnati.  
It is now my duty to state to you the  
purpose for which you have been con-  
vened.

3. During the last days of June the su-  
preme court of the state handed down  
its decision in the case of the City of  
Cincinnati against the City of Cincinnati.  
It is now my duty to state to you the  
purpose for which you have been con-  
vened.

4. During the last days of June the su-  
preme court of the state handed down  
its decision in the case of the City of  
Cincinnati against the City of Cincinnati.  
It is now my duty to state to you the  
purpose for which you have been con-  
vened.

submit the bill herewith, and hereby  
specially recommend that all parts of  
said bill, and the bill as a whole, be  
passed by the legislature. If there are  
things in this bill which do not meet your  
approval, you will find it easy to make  
amendments, without being obliged to un-  
dergo the work of preparing a bill of great  
length. The subject which I have dis-  
cussed herein is one of great importance.  
I do not wish to add to the burden of  
your judgments, but I do ask that you give it  
most careful and thoughtful consideration,  
and then act as your consciences dictate.

It has been claimed that many of the  
school laws of the state are subject to the  
objection that they are violative of the  
provisions of the constitution. This may  
be true. It has not, however, been so de-  
clared by the supreme court. When this  
is done it is time to seek a remedy. When  
this court found that our municipalities  
were built upon false foundations, it stayed  
its hand. It delayed the operation of its  
decision until such time as it should be  
able to protect our public schools. We  
can not protect our public schools until  
this court has decided upon the proper  
method. They will not be struck down without an  
opportunity to provide for the con-  
tinuation of the public schools.

The supreme court in its recent decision  
has not only delayed the operation of its  
decision, but it has also delayed the op-  
eration of the constitution. This subject  
does not require immediate consideration. It  
requires little difference in a financial way,  
to the people, whether their county officers are  
paid under the fee or the salary system.  
The subject is one which should be con-  
sidered at the meeting of the next gen-  
eral assembly.

It is also possible that there are imper-  
fections existing in the registration and  
election laws, and also in the laws relating  
to the annual boards for the registration  
of the voters of the state. I suggest that  
I suggest that by joint resolutions you  
refer the school laws to the state com-  
missioner of common schools and the at-  
torney general, the laws relating to the  
composition of county officers to the at-  
torney general, the laws relating to the  
annual boards of equalization to the at-  
torney general, with instructions to revise and  
repeal said laws, and remove therefrom all im-  
perfections, and have their work ready for  
presentation at the next general assembly  
of Ohio, on the first Monday in January,  
1904. The officers named are entirely  
familiar with these laws, and I am sure  
they would make a perfect revision of the  
same.

I most earnestly recommend that no sub-  
ject of legislation be considered at this  
extraordinary session of the general as-  
sembly, except those herein suggested.  
Respectfully submitted,  
GEO. K. NASH.

Columbus, O., Aug. 25, 1902.  
**MUNICIPAL BILL**  
Duly Launched in Both Branches.  
Sketch of Its Provisions.

Senator Longworth of Cincinnati  
had the honor of presenting the code  
bill to the senate, and Representative  
Comings of Lorain county performed  
the act in the house. Features of the  
code presented to the legislature are  
as follows:

Municipalities of 5,000 and over are  
cities, or less than 5,000 villages.  
Takes effect, if passed, Nov. 15, 1902.  
First election under it to be held first  
Monday in April, 1903. Officers then  
elected to assume office first Monday  
in May, 1903. The present de facto  
governments in all cities set the ma-  
chinery of the code in motion. Prior  
to Jan. 1, 1903, they are charged with  
redistricting each municipality into  
as many wards as it is allowed coun-  
cillmen. The de facto councils fix the  
salaries of new councils not to exceed  
\$1,200 a year. On reaching the 5,000  
mark villages become cities on pro-  
clamation by secretary of state.

In cities of 5,000, a council of seven  
members, three elected at large. All  
terms for three years. For the first  
additional 20,000 increase two addi-  
tional councilmen. Then one addi-  
tional councilman for every 15,000 in-  
crease from wards, provided, how-  
ever, that when the council numbers  
15 or more one-fifth of its members  
be elected at large.

In council is centered all legislative  
power, such as councils now enjoy,  
fixes all salaries, can create additional  
officers and fix their salaries, has no  
executive power, does not approve ap-  
pointments or approve the contracts it  
authorizes made. The mayor is  
elected for three years. He makes all  
appointments and removals, the latter  
after filing of charges and trial. Presi-  
dent of the council is elected for  
three years, is vice mayor. Merit sys-  
tem in police and fire department.

Board of public service consists of  
three members, elected for three-year  
terms, is the chief administrative  
body. Can make all contracts author-  
ized by council. Has charge of all  
public properties and works. Board  
of public safety of four members, to  
be appointed by the mayor. Has  
charge of fire and police departments.  
The Villages.

Council shall consist of six mem-  
bers elected at large. Powers are simi-  
lar to those now enjoyed. Elected  
for three-year terms. The mayor is  
also police judge. His powers are the  
same as those at present exercised by  
village mayors. Village solicitor is  
appointed by the mayor for a three-  
year term. Usual duties. Street com-  
missioner is also appointed by the  
mayor for a three-year term. Village  
clerk is elected by the people, term  
three years. The village trustees, a  
board of three members, corresponds  
to the board of public service for  
cities. They have charge of the cem-  
eteries, waterworks, lighting plants  
or whatever property the municipality  
may own. They supersede water-  
works trustees, cemetery trustees and  
similar bodies created by special acts  
now in existence in Ohio villages.  
They are elected for three-year terms.  
Powers of municipalities, in gen-  
eral, remain the same as at present.  
Franchises must be bid off. No street  
railway franchise can be granted for  
a longer term than 25 years. No gas  
light, electric light or waterworks fran-  
chise for longer than 10 years. Council  
authorized to readjust rates every  
10 years with consent of companies.  
On disagreement arbitration is pro-  
vided for. Power of municipalities to  
borrow money limited in general ac-  
cording to provisions of Longworth  
law of the regular session.

## CENTER OF INTEREST

### In the Lower Indiana Oil Fields is Just East of Muncie.-Other Oil News.

Chief interest in the lower Indiana  
field has of late centered about the  
work to the east of Muncie, and on to-  
ward Parker City. This field is one  
of the newest being tested for oil, but  
just at present there is too much of  
a surplus of gas, and it is hard to  
make a conservative estimate as to  
its value as an oil field. The gas has  
been pretty well exhausted in fact is  
so completely reduced in pressure  
that the gas companies are as a rule  
on the verge of running out of fuel,  
but there still remains enough of the  
lighter fluid to reward operations for oil.

The territory is so thoroughly de-  
ceptive that considerable cash and  
lots of faith are needed to bring an  
oil operator out on the good side of  
the ledger, but some of them are  
managing to find better than the  
usual run of good things.

The only really wildcat well in the  
field at present is that being drilled  
by the Bloomington Oil Company on  
the P. Perry farm, in section 21 of  
Liberty township, two and one-half  
miles southeast of Selma. This farm  
is mapped as the Joseph Meeks, and  
consists of 160 acres in the northwest  
quarter of section 24. The nearest  
well is on the Crumpton farm, three-  
fourths of a mile to the northwest.  
When 25 feet is the sand the tank  
were broken and a fishing job is now  
on hand. There was a very small  
showing of oil before the trouble was  
encountered.

South of Selma, in section 28,  
Liberty, the Republic Iron & Steel  
Company's No. 1, on the A. S. Cool  
farm which came in 10 days ago with  
a production of more than 100 barrels  
the first 21 hours is holding up at a  
fratifying rate, still making about 60  
barrels daily. No. 2 well on this  
farm is being drilled.

On the Leamon farm, adjoining the  
Cool, the Globe Oil Company, a Man-  
che concern, is drilling along the line  
opposite the Republic Company, but  
has not had the best of luck thus far.  
Their first well was just one location  
from the No. 1 Cool and came in a  
small gasser, with little if any show-  
ing of oil. They are now drilling No.  
2 just west of the No. 2 Cool, and it  
would not be surprising if the condi-  
tions were reversed.

East of the Cool, the Liberty Oil  
Company is drilling No. 3 on the E.  
N. Cannady farm, section 27, Liberty.  
Just west of Selma, in section 16,  
the Home Gas & Oil Co. is drilling  
No. 1 well on the E. N. Black farm, in  
the midst of old gas territory.

Northwest of Selma two miles, in  
section 3, Liberty, the Rock Oil Co.  
has cleaned out an old gasser on the  
J. B. Hoffman farm and will drill it  
deeper for oil. This is all gas ter-  
ritory and aside from a little showing  
of oil in some of the played-out gassers,  
there has never been any outlook for  
an oleaginous production. This new  
well is about one mile from any pro-  
duction.

Further to the northward, in Dela-  
ware township, there is considerable  
activity. The Edna Oil Company had  
a good well in its No. 4, Mary E.  
Bryan, section 5, and it is still doing  
about 20 barrels daily. In the same  
section, the Ohio Valley Oil & Gas  
Co.'s No. 2, George A. Stultorf, was  
worth about 16 barrels and has just  
been put to pumping. This company  
has eight producing wells, making  
about 75 barrels daily, but was unfor-  
tunate in its earlier operations and  
has ten dusters to its credit.

Across the township line, in section  
23, Niles, the Edna Oil Co.'s No. 1, G.  
E. Younce shows only a little water  
and no gas nor oil. It was abandoned  
and the No. 1, N. Peterson, same sec-  
tion, which started off at about 15 bar-  
rels last month, will also be given up  
as worthless.

The Ohio & Indiana Oil Co. is  
drilling No. 1 on the E. Fishback farm,  
section 34 Niles. Their No. 1, J. W.  
Wingate in this section made a little  
gas but was not in the oil producing  
line. On the J. W. Black farm their  
No. 2 had a good showing of oil when  
completed but for some reason was  
plugged up and was never operated.  
Now they are drilling out the plug  
and will endeavor to find out whether  
it can be made a producer of oil.

The Edna Oil Co. has the rig up for  
No. 4 on the W. H. Black farm, sec-  
tion 5 Delaware. The Ohio & Ind.

## Catarrh

Is a constitutional disease.  
It originates in a scrofulous condition  
of the blood and depends on that condition.  
It often causes headache and dizziness,  
impairs the taste, smell and hearing, af-  
fects the vocal organs, distorts the stomach,  
it is always radical and permanent-  
ly cured by the blood-purifying, alterative  
and tonic action of

**Hood's Sarsaparilla**

This great medicine has wrought the most  
wonderful cures of all diseases depending  
on scrofula or the scrofulous habit.

Hood's PILLS are the best cathartics.

ana Oil & Gas Company's No. 1,  
Joseph James, section 33 Niles, is  
still listed a gasser and has shown no  
signs of oil.

In Randolph County.

Six miles west of Muncie, there is  
quite a healthy development in Mon-  
roe township of Randolph county, but  
the gas is still pretty strong in that  
neighborhood and oil does not come  
as fast as would be anticipated. The  
Senior Oil Co. has completed a second  
well on the Z. W. Cool farm, section  
9 Monroe, which appears to be better  
than their No. 1. The first well start-  
ed off by making two tanks in 60  
hours, but fell away rapidly, and was  
soon down to 20 barrels per day. It  
is now not making more than 10 bar-  
rels. No. 2 made only 10 barrels the  
first 24 hours, but is holding up at a  
good rate, and will do much better  
than the first.

On the W. F. Reed farm, adjoining  
the Cool, the Ohio & Indiana Oil Co.  
shot their No. 1 well Tuesday, but it  
will do little in the oil producing line.  
In section 8 Monroe, the Gordon Oil  
Company's first well drilled on the J.  
N. Huston farm was good for about  
5 barrels. No. 1, on the Joseph Meeks  
section 5, was also small. This com-  
pany has 5 wells doing about 20 bar-  
rels daily, on the Meeks and Huston.  
One on the latter farm was dry and  
No. 2 is as good as a duster.

The Kanaback Oil Co. has not much  
progress with No. 2 on the E.  
Harris farm, section 2. The contract  
or quit work for some reason, and  
the well has been standing idle. Their  
No. 1 is still having a small supply of  
gas, but is showing no oil.

The Benton Oil Company may get a  
little oil from their No. 3, J. H. Green,  
section 3, but it will not be much of a  
producer.

The Woodbury Glass Company has  
two gassers in Nos. 5, L. A. Bolter  
and H. S. Jones, the latter being a  
20-barrel well.

The Ohio & Indiana Company has  
had considerable trouble with No. 1  
on the Van Felt farm, section 3, Mon-  
roe, being compelled to put the casing  
twice on account of leaks. The casing  
company has a tie up for a well on  
the E. J. Beck farm, section 23, Mon-  
roe.

Other Indiana Results.

The Crystal Window Glass Co. has  
No. 1 well on the J. M. Jones farm,  
section 1 Van Buren township, Mad-  
ison county, was similar to a majority  
of the new ones in that territory—a  
duster.

One of the best wells completed in  
Hood's territory in recent months was  
the J. B. Mayer Oil Company's No. 2,  
on the L. M. Talmun (unmapped Long  
neers) farm, in section 21 of Washing-  
ton township, Blackford county. This  
well is located in the Dundee pool  
and had a surprising production, doing  
375 barrels the first 24 hours.

The Ohio Oil Company has completed  
three wells in the Washington  
township district of Blackford, each  
of which started off with a production  
of 70 barrels. They are No. 5, G. W.  
Hanley, section 5; No. 5, A. Nelson,  
section 7, and No. 8, G. W. Stanner,  
section 8. The No. 2 well drilled by  
James O'Donnell & Co. on the Jacob  
Balsley farm, section 6 Washington,  
was good for 20 barrels the first day.

## FOR LITTLE FOLKS

PAPER FROGS.

How They Are Made by the Little  
Folks in Faroff Japan.

Little boys and girls in Japan have  
lots of fun with toy frogs which they  
cleverly make for themselves out of  
paper. Here is the way they are made:  
Cut a piece of paper in the shape of  
a perfect square (Fig. 1 of explanatory  
design). Fold the paper along the  
diagonals A A, turn it around and fold  
along the lines B B. When this is done,  
Fig. 2 can easily be made. Fold the  
ends B and A as shown in Fig. 3.  
You will now have a series of eight  
small wings around O A as fold. Fold  
the paper at point A, and fold it care-  
fully in such a way that you get two  
new regular points as shown in Fig. 4.  
After going through the same opera-  
tion with all eight wings of the folded  
paper you will get Fig. 5. Fold each  
wing of the paper again, the point 8  
toward the center axis (Fig. 6, 8,  
and take care that you get the folds at

HOW TO MAKE A FROG.  
Fold A correct as possible. To finish the  
frog (Fig. 7) unfold two of the upper  
points (A) and bend them to form the  
front legs, while you fold the two lower  
points (A) to form the hind legs. The  
left side of Fig. 7 shows the points not  
yet folded, while the right side gives  
the shape of the finished frog.

The Lightning Artist.  
Cover a chronic or even an old paint-  
brush, for it will not be injured, with a  
Globe coating of dry chalk or "whiting,"  
so that it shows no trace of a picture,  
but looks like a blank canvas. Then  
place it on an easel gently so as not to  
disturb the chalk and call in your  
friends. You have provided yourself of  
course with a palette richly bedecked  
with all colors and allowed to dry. If  
you do not own and cannot borrow a  
palette and colors, make a palette of  
cardboard and drop sealing wax of var-  
ious colors about its edges. Any old  
brushes will do, and the more you have  
of them the better. They must be thor-  
oughly saturated with water, but not  
dripping, as a falling drop of milky  
water would "ruin the whole thing away."

Now set to work and "paint" with  
rapid strokes, making a great show of  
mixing colors on your palette and  
changing brushes frequently so that  
the picture as it grows beneath your  
magic brush shall not be clouded by  
adhering chalk.

Dysentery Cured Without the Aid of  
a Doctor.

"I am just up from a hard spell of  
the flux" (dysentery) says Mr. T. A.  
Pinner, a well known merchant of  
Drummond, Tenn. "I used one small  
bottle of Chamberlain's Colic, Cholera  
and Diarrhoea Remedy and was cured  
without having a doctor. I consider  
it the best cholera medicine in the  
world." There is no need of employ-  
ing a doctor when this remedy is  
used, for no doctor can prescribe a  
better medicine for bowel complaint  
in any form either for children or  
adults. It never fails and is pleasant  
to take. For sale by W. M. Melville,  
old post office corner.

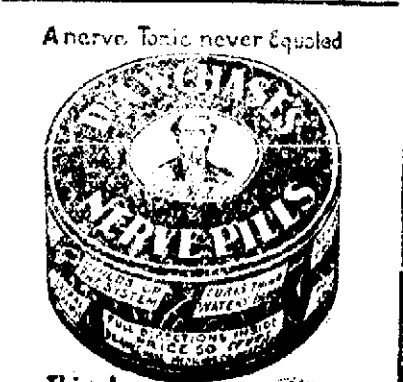

**A Fleasby Nose.**

To reduce a fleshy nose dip the fin-  
gers in an alum solution and smooth  
the nose from top to tip. Don't squeeze,  
for that will stimulate the circulation  
and soon cause your poor nose to as-  
sume the rotund proportions of a beat-  
en biscuit. Merely smooth with gentle  
pressure.

## CATARRH

The treatment of Catarrh with antiseptic and  
astringent washes, lotions, salves, medicated tobacco  
and cigarettes or any external or local application, is  
just as senseless as would be kindling a fire on top of  
the pot to make it boil. True, these give temporary  
relief, but the cavities and passages of the head and the  
bronchial tubes soon fill up again with mucus.

Taking cold is the first step towards Catarrh, for it  
checks perspiration, and the poisonous acids and  
vapors which should pass off through the skin, are  
thrown back upon the mucous membrane or inner skin,  
producing inflammation and excessive flow of mucus,  
much of which is absorbed into the blood, and through the circula-  
tion reaches every part of the system, involving the Stomach, Kidneys and all  
parts of the body. When the disease assumes the dry form, the blood  
becomes exceedingly foul, blinding headaches are frequent, the  
hearing affected and a constant ringing in the ears. No remedy that  
not reach the polluted blood can cure Catarrh. S. S. S. expels the  
circulation all offensive matter, and when the  
blood is again coursing through the  
mucous membrane, it comes healthy and  
active, all the diseased material is  
poison, and a permanent, thorough cure.

S. S. S. being a strictly vegetable blood purifier, does not  
Stomach and digestion, but the appetite and power of digestion  
under its tonic effects. Write us about your case and get a  
advice free. Book on blood and skin diseases sent on application.

WILLIAM J. JUDKINS

For Infirmary Director,  
DAVID STEPLETON

President Roosevelt and his attorney-general are making very cheap campaign material by their alleged contention with the beef trust. They are simply fighting sham men and windmills. Just as long as this present tariff protective monstrosity stands on the books of the nation, the managers of the beef trust and other similar colossal mergers will laugh at the president and Mr. Knox. That is, they will laugh and jeer when nobody is looking, and Messrs. Roosevelt and Knox with our two senators will laugh with them. Just one movement carried into an act of congress and signed by the president will put an end to all sorts of meritism of this nature, and that is repeal the tariff tax on trust products.

## A RIDER ON THE CODE.

During the regular session of the general assembly the bill of Senator Patterson to rip up the election machinery of the state was decently interred by the senate.

The special session called to convene next Monday is made necessary by reason of recent Supreme court decisions, and the sole reason for the session is to correct an error in the enactment of the Royer act, and to pass a bill to provide for the organization of cities and incorporated villages.

The call for the extra session does not ask for the ripping up of election boards, neither does it request a disruption of registration laws or the general election machinery.

Governor Nash himself has stated that the bill which he caused to be prepared contained nothing on these subjects, and that the provision as printed in the newspapers, to abolish the present boards of election was placed therein since the bill left his hands.

As before stated, the Patterson election ripper was thrashed out at the regular session. It was defeated, and this extra session should not be called upon to go all over that ground again.

It is intimated that it is a cunning trick attempted to be practiced on the governor, and that this Patterson election board ripper, has been injected into the governor's bill to act and operate as a "rider" to it, and that if it remains there it will jeopardize the passage of the remainder of the bill.

It is also said that if the governor allows this defeated election bill feature to come before the legislature with his commendation he cannot consistently by the consideration of other bills which some of the members are anxious to have become laws at this session.

Senator Patterson undoubtedly feels that a code bill is certain to pass, and has undertaken to resurrect this corpse of the last session, that it might slip through almost unnoticed in a dark

corner of the governor's bill, and eventually become a law.

The question is, are many more "abuses" to be found in the governor's bill?—Columbus Press.

## QUIET DAY

Found Among Officials of the County.

Little of Public Interest was Brought to Light

By a Visit to the Temple of Justice, a Clean Docket After the Filing of the Several Cases Yesterday.

Very little outside of the regular routine work was offered to the public at the county court today, the influx of cases yesterday and the session held by Judge Armstrong having given place to a day void of anything especially interesting.

## In Probate Court

## His Family Asphyxiated.

Chiles Aug 25.—Bryant Schick was awakened by a dream that a mishap had befallen his wife. He found the house filled with sleeping gas and his wife and two children, one a girl of two years and the other an infant, dead. It is supposed that Mrs. Schick turned on the gas while temporarily insane. She left a note, but it was so poorly written that no one could read it.

## "ENEMY" SMASHED.

Termination of Naval Manoeuvres on the New England Coast.

Rockport, Mass. Aug 25.—At 5 p.m. Sunday morning the naval manoeuvres off the New England coast terminated by the unconditional surrender of Commander Pillsbury's white squadron. Rear Admiral Higginson demanding it from the deck of his flagship. The battle between the blue, or defending squadron, and the white, or attacking squadron, was thus quickly ended eight miles south of Thatcher's island. The enemy had most signally failed to make a harbor having for its objective Salem. A preponderance of fighting strength, relatively of points, represented by the battleships Kearsarge, Alabama and Massachusetts Scorpion and a torpedo boat represented by the auxiliary cruisers Prairie Panther and Supply. To speak for a theoretic standpoint the white squadron was utterly destroyed by the guns of the defending battleships. Thus on the fourth night of the game of naval strategy was brought to an end. It having covered a period of unceasing toil sleepless nights of anxious and wearing vigilance and of grave uncertainty as to its participants.

The destruction of Pillsbury's squadron occurred at a point just within the outer limit of Gloucester harbor not over eight miles south of Thatcher's island off which had been anchored since Wednesday when the war game was declared opened, the three powerful battle ships of the blue squadron.

## THE STAGE.

Pastoral plays with characters drawn true to life and dealing with the lights and shadows of rural life have within the past few years found a very warm place in the affections of theatre goers.

"The Night Before Christmas," which comes to the Faurot opera house next Wednesday, Aug. 27, is in this popular class and furthermore has been pronounced by competent critics fully up to every accepted standard in plot, situation and personnel. The scenes are laid in a quiet little Ohio hamlet and the characters introduced can be instantly recognized as indigenous to nearly every American country settlement.

## ULRY

Family Together  
Once More.

## Three Hundred

Were Present at the  
Enjoyable Reunion,Which was Held on Pleasant  
Farm of J. N. Lusk in  
Perry Township.With a Fine Dinner, Followed by an  
Excellent Musical and Literary  
Program, Everyone Spent  
a Most Happy Day.

One of the most successful and in every way enjoyable reunions ever held in Allen county, was the Ulry reunion on the splendid farm of J. N. Lusk, in Perry township, on last Thursday.

It will long be remembered with pleasure by all who attended it. The weather was all that could be desired. The number present was estimated at about three hundred, many of whom were from Lima.

In addition to the Ulry family and their relatives, there were a large number of neighbors and friends present.

From Morrow county were present, Hon. Geo. W. Ulry, Freeman Ulry, John Ulry, Stephen Ulry, S. L. Ulry, H. A. Layman, N. E. Green, and their families. From Knox county, Eugene Ulry and family were present; and the Indiana branch was represented by Lewis V. Ulry and his accomplished wife.

After singing "America" by the choir and audience, prayer by Rev. Daniel Lepley, and a short address by the president, Winfield Scott, dinner was served. And such a dinner! Everything that could tempt the palate of the most fastidious epicurean, or satisfy the hunger of a robust healthy stomach was there in superabundance, served out on a table long enough to accommodate every guest. After all had been served to a buffet, there was enough for three hundred more.

After dinner, the following program was carried out to the letter: Song by choir—Hark the Song! Recitation—John B. Gough's Lecture on "Home and Water." Lecture by Harsh Buchanan.

Solo—Mrs. L. V. Ulry. Address—Hon. H. S. Prophet. Address—Reminiscences of Lima and Allen county. Rev. Daniel Lepley. Quartet—"Land of Freedom." Mrs. Roy and Miss Edna Lusk, L. C. and H. L. Lusk.

Address—Hon. L. W. Ulry. Duot—"The Old Fashioned Way." Miss Erma Lusk, L. C. Lusk. Recitation—"Price of Battery B." Blanche Burns.

Solo and chorus—Miss Ollie Copeland. Address—Hon. Geo. W. Ulry. Solo—"Plains of Peace." Mrs. L. V. Ulry. Recitation—"Sick Dolly." Gladys Morrison.

Piano solo—Miss Carry Berry. Reading—Miss L. Evans Crumrine. Duot—"A Mission of a Broken Heart." Misses Olive and Edna Lusk. Reading—Hon. L. W. Ulry. Piano Solo—Miss Edna Robinson. Recitation—Miss Flossie Lusk. Song—"God be with you till we meet again." Audience.

Mr. Ulry, of Ft. Wayne, who is an accomplished elocutionist, rendered two humorous pieces that were matchless in execution. Mr. Ulry, who is a fine scholar, and effective public speaker, is the Democratic nominee for state senator in the Ft. Wayne district, and as his party has a majority of 2,500, his election is sure.

Hon. Geo. W. Ulry, of Morrow county, served as a member of the state board of equalization, ten years ago, and he and several other members came to Lima, where they met C. D. Crites, who was at that time auditor. Mr. Ulry spoke in very high terms of Mr. Crites, and added that if there were any shrewder politician in Allen county than Mr. Crites, he would like to meet him. Mr. Ulry remained in Lima a short time, calling on friends and he did not forget Mr. Crites. While here, he was the guest of Mr. M. D. Lusk, a near relative.

The Ulrys have always been noted for their large stature, great strength, strict honesty, good sound sense and their love of liberty. From the time the first family landed in this country, nearly all have been farmers. The next reunion will be held in Morrow county.

REUNION  
Of the Waltz Family to be Held at Cairo.

Another family reunion which had a small beginning twenty-three years ago, but is now one of the annual events of the county, will take place in Frederick Alstetter's grove at Cairo, Thursday, September 4, when the clans of the Waltz family will gather together for the twenty-third celebration.

The reunions have been largely attended in years gone by and it is expected that the coming occasion will be the greatest since the occasion became an established institution. A live program of music and addresses has been arranged and a general invitation is issued to all who wish to enjoy a pleasant day. U. G. Waltz, the president, and E. G. Waltz, corresponding secretary, comprise the committee of arrangements and they are counting on a successful affair in every particular.

## ENTERTAINED

At the Hospitable Home of  
J. H. Berryman.

Mrs. D. S. Fritz, Mrs. Almira S. Rieble and Mrs. B. S. Porter, together with the chorus girls, about twelve in number, who sang at the decoration exercises last Decoration day a year ago, were entertained in a delightful manner Saturday afternoon at the hospitable home of John H. Berryman by his daughter, Mrs. Wm. Minton, of Hamilton, Ohio. The entertainment was planned upon the decoration day, mentioned above, when the chorus of beautiful girls charmed their auditors by their excellent singing upon that occasion, but the opportunity to carry it out did not present until Saturday. The afternoon was one of great pleasure of all who made up the little party. Excellent music of a varied kind and a sumptuous supper added greatly to the comfort of all who attended.

## FIGHT

Is on in Republican Camp.

Empty Honors

Of Nomination for a County Office

Cause a Split in the Ranks of the Boss Hall Contingent.

Tom Edwards, A. L. Belch and W. K. Boone in the Race for Nomination for County Clerk—Boone a Dark Horse.

Republicans of Allen county are now in the fight that came so near the political reign of Boss Hall's son and with his own ranks in the race are on account of the fight and are aspirants for the nomination on the Republican ticket this fall will be in the end of Hall's reign in the county that has given new life and energy to the Republican party.

The ranks of the Hall faction are now in the fight that came so near the political reign of Boss Hall's son and with his own ranks in the race are on account of the fight and are aspirants for the nomination on the Republican ticket this fall will be in the end of Hall's reign in the county that has given new life and energy to the Republican party.

It is the nominal county clerk because he is the only one under the Hall flag at the nomination of a clerk. Edwards has not been an active worker in the race of imperialism and trusts and therefore should be told to go and let a reputation. Tom's friends have seen that Belch has no claim on the nomination because he made such a poor showing when nominated before the men against M. J. Sullivan three years ago and the party on a vote counted all of his strength against M. J. Sullivan in Belch's behalf but did not put any more force in the race than a snowball in a blizzard. Mr. Sullivan being backed with a majority of between twelve and forty hundred votes. With such a poor record as that, Edwards' friends say Belch should not be given another chance and they are determined to let Edwards undertake the hopeless task of attempting to put down the Democratic majority.

Some of the forerunners of the Hall faction as the Hall men are pleased to call the antifellows have learned that there is a split in the ranks of the postmasters forces and they are determined to take advantage of the opportunity and seek to gain control of the county convention at which the county clerk will be nominated. It is also reported that Hall is to be absent from the city for some time and they will endeavor to steal a march on him while he is not in the battle grounds. The old feud is again at fever heat and the result cannot be foretold. The selection of delegates to the county convention will soon be ordered and then the knives that are now hidden in many sleeves will be used with a vengeance. Watch Hall's smoke.

It was stated on good authority this morning that Belch and Edwards were not the only candidates for the county clerk nomination. There are a number of Republicans who have to use for either Belch or Edwards and are trying to drag W. K. Boone into the fight. They are trying to make the fight heavy, he has a chance, he knows he has it. All they are after is to lose him as a figurehead to put Edwards and Belch out of the business and they think he can spare a name.

Who knows but what Mr. Morris will be in the fight too?

On the 15th of tomorrow a number of Republicans from the five counties in this congressional district will meet in Lima to nominate another victim for the November slaughter. There is talk about J. H. Hox is and Jim Hall having aspirations for the honor of this nomination, but these rumors are denied and it is said that the hopeless case will be assigned to a Dark County man. J. H. Hox is will be temporary chairman of the convention.

## HANDSOME

Gift From Y. M. C. A. Business Men's Class

Presented to Physical Director C. W. Hardy, who Leaves for Richmond, Va.

The last notable act connected with the departure of Prof. C. W. Hardy, physical director of the Y. M. C. A. occurred this afternoon at the gymnasium when the business men's class presented him with a handsome token of their appreciation. The members of the class had subscribed to a liberal purse and part of it was used to purchase a charm for a watch guard which is a most beautiful piece of workmanship.

The initials C. W. H. are prominently displayed in raised letters of colored gold in rustic design the tint being red green and yellow. On the reverse side is the inscription: From business men's class Y. M. C. A. Lima O. 1909.

The charm was wrapped in a deep green velvet and presented to Hardy particularly pleasing and as the gift was a complete surprise. Mr. Hardy was surprised to make the response which prepared him to his part. As it was he could only grasp the gift in pleasure for the moment and discontinue more than saying those who loved him and assisted him in his mission.

## HORSE

That was Stolen at Geneva, Ind.,

Is Recovered

By Detective Patton at West Cairo.

The Rig Had Been Purchased by the Marshal of the Village.

Man Who is Supposed to Have Committed the Robbery is Now in Jail at Decatur, Ind.—Cases in Mayor's Court.

Saturday an old veteran giving his name as Morten Bohemmer residing at Geneva, Indiana called upon the local police for assistance in locating a horse belonging to his son and a buggy and set of harness belonging to himself that had been stolen and traced to this county. A horse, under named Williams who is alleged to have operated extensively in horse trading in Michigan, Indiana and northwestern Ohio boarded at Bohemmer's home for some time and then disappeared leaving an unpaid board bill and at the same time the horse and buggy were stolen. The rig was traced to New Bremen and two officers accompanied the owner as far as this city and then at midnight the case Detective Patton took up the case and learned that the rig had been sold to Marshal Baird of West Cairo. He located Baird by telephone at Delphos and learned that the latter's wife had gone to Cairo with the rig. Patton drove to Cairo Saturday night and secured the outfit which was fully identified by the owner and brought it to this city. It has since been learned that the alleged thief is now in jail at Decatur, Ind.

Mayor's Court

There were only three prisoners in mayor's court this morning. They registered as Frank McGuff, Barney Seward and A. C. Holland and all were charged with drunkenness. They pleaded guilty and were fined \$5 each charged with having abandoned his wife and infant child will come up for trial in mayor's court tomorrow evening.

## TWO

Deals With a Local Flavor.

Bought Lease

And with it a Valuable Gas Franchise.

M. J. Sullivan Buys Out the Jonesboro, Indiana, Oil & Gas Company

And at the Same Time Disposes of a Valuable Piece of Real Estate Situated on North Main Street.

Count Clerk M. J. Sullivan has just closed a big deal for oil and gas property in Indiana having purchased the interests of the Jonesboro Oil and Gas company comprising 272 acres. On the lease are 11 wells with an output of 70 barrels per day and aside from the oil there is a strong flow of gas sufficient to heat and light the town of Jonesboro.

The News Tribune of Marion gives an account of the transfer which Mr. Sullivan says is correct and the consideration clause in the Jonesboro company is acknowledged to have been \$34,000. Mr. Sullivan is not a scolded with anyone in the deal having made the investment as a personal one and is satisfied that in securing the property he has come in to possession of a valuable estate.

He has secured a franchise from the town of Jonesboro for the furnishing of gas to heat and light the place which in itself will prove profitable. Having the steady flow of oil and the prospect of more good wells for an extra consideration.

Another Deal

Aside from his oil interests, Mr. Sullivan has made an occasional deal in real estate and it was but a short time ago that he purchased the building on the corner of Main and McKibben streets occupied by H. I. Bode, notion store and Alexandria's tailor shop. This property he has now disposed of to his brother, Thos. Sullivan of Delta, Louisiana the consideration being \$7,000.

AN IMMENSE PURCHASE OF PIANOS

B. S. Porter and son returned Friday from their piano purchasing trip. They made contracts for September delivery and in order to properly care for these pianos we will offer twenty-five instruments from our large stock at a reduction of one-fourth to one-half of regular price.

A call to our store will soon convince you that Porter & Son are the people to buy from. From the firm you have known for years. Don't get caught by some of these grasshopper agents who are continually canvassing this city representing to you as direct from the factory as in fact they are but cheap cross road agents and try to sell you some cheap Chicago piano at twice their regular price. Pianos they ask you \$250 or \$350 you can buy as good from us for \$175. These are facts well worth looking after and may save you much money. All our instruments can be bought on easy payments and your money paid to us and not sent out of town (an extra expense) in case of sickness we can carry you.

Call and see us. A word to the wise is sufficient.

## WM. FLEMING DEAD.

Former President of Ohio Oil Co. is no More.

The people of Lima, who were fortunate enough to have formed the acquaintance of William Fleming during that gentleman's active connection with the Ohio Oil Company, when he made Lima his headquarters will be grieved to learn of his death which occurred at Cincinnati last Saturday. Funeral services will be held in Oil City, Pa., Wednesday afternoon at three o'clock.

William Fleming was for years the president of the Ohio Oil Company, having been elected to that position when the company was organized. He resigned the office about a year ago on account of ill health. Those who knew him and all who had any business relations with him esteemed him highly because of his upright character and careful business methods. He was a quiet, unassuming man, courteous, yet forceful and was one of the coteries of Standard Oil Company men who had much to do with the development of the Ohio oil field.

ANOTHER CHURCH

Will Soon be Erected Upon the South Side.

South Lima will shortly have added to its growing population Rev. R. Brenner, a member of the Missouri synod, has been appointed pastor of the English and German Evangelical Lutheran congregation, which now has about forty members residing in south Lima. Rev. Brenner was ordained to the ministry last Sunday and it fell to his lot to organize a congregation and to endeavor to build a church and parochial school, on the south side. The location has not as yet been selected, Rev. Brenner preferring to become thoroughly acquainted with the locality before making a selection. This denomination have their own schools, which are supported by the members of that body, in the same manner as the Roman Catholics.

Rev. Mr. Brenner came to this city from Meriden, Conn., and is a very pleasant gentleman to meet and one who will make many warm friends in this city. He is at present stopping with J. L. Sammetinger and family, 918 Tanner avenue.

WILL MEET NEXT MONDAY.

The Democratic county Executive committee will meet in the law library room in the court house on next Monday, for the purpose of organizing.

## SPECIAL

Attraction Arranged by the Fair Board.

Unique Race in Which a Trained Ostrich Will Try its Speed With a Horse.

The Allen County Agricultural Board held a meeting at the court house Sunday afternoon and discussed the plans for the year. The race will be held during the last week in September. It was the business of the board to have some special attraction in addition to the usual exhibits, horse races, etc. and after carefully considering the time and elements entered it was decided to close a contract for the race. The big bird with a dress of foot enough to out his pace at pursuers will be on to a sulky with a man mounted with one of the fastest jockeys that can be secured.

Such an attraction has been very uncommon in this county and as the fair is all over particulars is to be made as up-to-date as possible the board is sure that the week will be a profitable one.

The monarch of the desert was securely bound, and Dr. Jackson lanced a large abscess on the lion's left hind foot, while the patient roared and fought like a demon. The Delphos physician declared at the close of the operation that one such experience in a man's life time is enough.
